**ON THE COVER - Geologist's work under all types of weather conditions!**

Top Picture: Pump Test 023 - Three spud-barges were used to drill a single production test well and multiple monitoring wells in the Hudson River.

Lower Picture: Blizzard Drilling - A cable tool rig on a spud barge installing a test well in the Hudson River during a winter storm. These photographs were taken by Jeff J. Frederick, CPG-10989.
